A COACHMAN'S STORY NORTH AND SOUTH

The Experience Which Came to the Man on the Box.

Man on the Box.

The coachman can tell many an interesting story. All sorts of experiences come to him and the loghours on the box are not so monotonous as one might suppose. When he chooses, Austin Roe, a choachman, living at No. 20 West Liberty street, Wilkesbarre, Pa., can entertain a listener for hours, teiling in his original way of the things that have happened to him.

"It is a hard life," he says, "and it is no wonder when one of us breaks down. For myself, the exposure and lack of sleep ran me down in health last winter till I became a shadow. Oftentimes I had to take to my bed with a fever running my temperature way up. I had a coid a good part of the time, my head was always dizzy, my stomach was out of order and my limbs stiff. I grew thin, was tired out all the time and feit generally miserable.

"No, the doctor didn't seem to help me very much and I didn't get any better until, upon the advice of a friend, I began using Dr. Williams' Pink Pills for Pale People. The first box made me feel better and a few more made me all right. Now I am strong and healthy again and I recommend Dr. Williams' Pink Pills to all my friends who seem to need a tonic."

The best tonic medicine in the world is Dr. Williams' Pink Pills to all my friends who seem to need a tonic."

The best tonic medicine in the world is Dr. Williams' Pink Pills for Pale People. Mr. Roe is only one out of thousands all over the world who have found this out by personal experience. This medicine, unlike any other, acts boin on the blood and nerves, builds up the system and cures where ordinary preparations fail. Dr. Williams' Pink Pills for Pale People are not only a tonic but have cured such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, schalica, neuraigia, rheumatism, nervous headache, the after-effects of the grip, papitation of the heart, pale and sallow complexions and all forms of weakness in either male or female. Dr. Williams' Pink Pills for Pale People are soid by all dealers or will be sent postpaid on receipt

There is no use in talking, othing on earth can take the place of good coffee as a morning

Good coffee, though - uniformly reliable coffee is hard to get. You can't get it in the dinary way. You can get it by asking the grocer for Schotten's 1904 Rossted Coffee. This coffee is packed in pound cartons, is only 25 cents and is guaranteed to be satisfactory - and not to hange in grade or flavor.

GRADUATES ENTERTAINED.

Medical Students of Washington University Banqueted by Alumni.

The annual banquet of the Alumni society of the medical department of the Washing-ton University to the graduating class took place at the Southern Hotel last night. The class of '03, which is to be graduated on Thursday evening, is the largest in the hisfory of the university, numbering fifty-two. It has been the custom for the alumni to entertain the graduating class just prior to its graduation, ever since the medical department was organized, the entertaindepartment was organized, the entertainment forming part of the commencement exercises. Doctor M. W. Hoge, president of the Alumni Association, presided. After his address of welcome he resigned his place to Doctor P. G. Robinson, toastmaster.

At the close of the speaking a toast to the memory of the late Doctor J. P. Bryson was drunk. Among those who responded to toasts were: Chancellor W. S. Chaplin of Washington University, Doctor H. N. Spencer, Doctor Henry Schwarz, I. H. Lionberger, Doctor Paul Tupper and John F. Lee, About 125 members and their guests were present.

Popular Excursion, B. & O. S-W. Sunday, May 17, to Vincennes, Ind., \$1.25, and inter-mediate stations.

FAINTS WHILE MAKING SPEECH.

Mayor Weaver Loses Consciousness Before Guests at Banquet.

Philadelphia, May 12-Mayor Weaver

fainted before 300 guests at a banquet of the Methodist Social Union last evening and re-C., B. & Q. Securities Maturing July 1 ed unconscious for about ten minutes. At the conclusion of a bitter denunciation of the octopus of vice left to his administra of the octopus of vice left to his administra-tion as a legacy, and just as he repeated a pledge that the present efforts to purify the city were not to be spasmodic, but intua-tive of an aggressive campaign that would be continued with vigilance, the Mayor paused abruptly and leaned on the back of the chair. For a time he seemed to be at a loss for words; then he closed his eyes and sank into the arms of his secretary.

CURIOUS THINGS

Come from Coffee Drinking.

A lady in New York City suffered an accident to her leg and a running sore followed that medical science tried to cure for many years, but, unknown to her, the coffee she drank daily kept the blood in a condition that would not let the sore heal. "Three years ago," says this lady. "I was advised to drink Postum and give up coffee, of which I was very fond. To say that I am thankful now for having done this is putting it very mildly, for as soon as I made the shift from coffee to Postum my leg began to heal, and in a few weeks was quite well. "It has never troubled me since and I "It has never troubled me since and I think it marvelous. Neither have I suffered from the billous headaches which used to afflict me. I can give you the names of many of my friends who are as firm friends of Postum us I." Name given by Postum Company, Battle Creek. Mich.

This is a case where Postum made red blood in a hurry. This lady 'thought it marvelous because her trouble of years' standing was cured in a few weeks through giving up coffee and using Postum in its place. Nothing marvelous about it, only the simplest scientific reasons that it will pay any one to look into.

Good, healthy, ted blood will cure meets my sliesase. Coffee, int many people, destroy; the red cotquecies and produces white on watery blood. A definite change is made by leaving off coffee entirely and using Postum. You con prove this by trial.

The company Company for the maching account of the Mely of Sanuary shows a decrease in carnings increased on the same comparison 339,6864. Which was offset by an increase of 341,715 in January, 1802, the milest operated were 2,2743.

Railway Notes and Changes.

AL PROPERTY OF THE PARTY OF THE

ROADS WILL MERGE

Successful Railway Combinations to Be No Longer Confined to East and West Lines.

SALE OF FRISCO DISCUSSED.

Gives Stockholders Practically 3 Per Cent on Their Holdings and "Some Paper to Play With."

REPUBLIC SPECIAL

New York, May 12-Final official announcement having been made that the Rock Island Company will purchase control of the St. Louis and San Francisco road, making a system aggregating practically 15,000 miles of line, officials to-day showed a willingness to talk about the matter after two months of slience. One of the largest bondholders of the Frisco Company sald in regard to the bargain:

"It gives us a further guarantee on fixed charges of Frisco of about \$5,000.02 a year, and as for Frisco of about \$0,00.02 a year, and as for Frisco stockholders, it gives them practically 3 per cent on their stock, and some paper to play with."

The theories of the purchasers upon the practical operating advantage of the merger was summed up to-day by a director as follows:
"It is no longer the case that to be size.

ger was summed up to-day by a director as follows:

"It is no longer the case that to be successful raliroad combinations must be eastward and westward. Hereafter such mergers will be upon a north and south plan.

"The Rock Island was incomplete in its territory from the Middle West toward the Southwest, and the Frisco was incomplete in the Southwest northward and toward Texas and Mexico. Both were incomplete in the Southwest northward and toward Texas and Mexico. Both were incomplete in the Southwest northward and toward Texas and Mexico. Both were incomplete in the Southwest northward and toward Texas and Mexico. Both were incomplete in the Southwest in the southwest and Guif norts. It would have cost each at least \$5,000,000 to complete such extensions and now, together, the two are complete, saving \$50,000,000 or partically.

"We estimate that the equity in the Frisco purchase to the Rock Island assumes will be \$2,000,000 in Frisco earnings above the charges which the Rock Island assumes under the exchange, and that the exchange of traffic will be worth another \$2,000,000 to the common this year. In other words, the Rock Island gains at least \$4,000,000 a year by the deal as well as the prestige af laving one of the largest systems in the country and that North and South, as well as eastward and westward through the great Middle West of this country, something which no other system in that section has now to as great an extent."

BURLINGTON'S ANNOUNCEMENT. New St. Louis-Kansas City Line Via

New St. Louis-Kansas City Line Via Mexico.

For some time the Burlington and Alton roads have been considering plans for the improvement of their St. Louis-Kansas City lines. Surveys and investigations have been decided to make a joint line between St. Louis and Kansas City by using the Burlington's tracks from St. Louis Union Station to Old Monroe in Mexico, on the Alton, sixty-three miles, and using the tracks of the Alton from Mexico to Kansas City, 166 miles, making a total distance over the proposed line 20 miles between St. Louis and Kansas City, as compared with distances via other lines as follows: Wabash, 277 miles; Missouri Pacific, 23 miles.

The new road between Old Monroe and Mexico will the built, wheel and managed by the Burlington Company. Under this plan a good line between St. Louis and Kansas City for fast passenger and freight service is obtained for both the Alton and the Burlington without building duplicate lines, and at a minimum investment of capital. A good country, needing railroad facilities, will be opened up between Old Monroe and Mexico, and additional facilities furnished for handling the business of the State of Missouri.

The line to be constructed will have a raximum grade of 35 feet to the mile and maximum curvature of 1 degree, and this is also the maximum between St. Louis and Old Monroe, except at one or two points, where the curvature is slightly in excess of 1 degree, and time of this character will permit the furnishing to the public of fast service, both freight and passenger, with a minimum of delay and danger.

It is hoped that the new line will be completed and ready for business by June 1, 1994, or in time to handle a part of the World's Fair crowds moving to and from St. Louis during that year. Much of the right of way has been obtained, all needed material contracted for and contracts for the earthwork will be let in a few days. Mexico.

JOBBERS TRY TO AVERT STRIKE. Manager Ward's Offer Refused by Great Northern Employes, REPUBLIC SPECIAL.

St. Paul, Minn., May 12.—There is only one chance that a strike on the Great Northern will be averted. The jobbers of St. Paul and Minneapolis to-day took a hand in the affair and arranged for a conference with the men to-morrow morning in St. Paul, when the good offices of the jobbers will be offered to bring about a settlement.

This meeting was arranged after the men had declared this afternoon that all nego-tiations had been broken off, and that the road must give in or there would be a

strike.

The men have rejected Mr. Ward's latest proposition, or, rather, a statement, of the road's position, and which the men regarded as an ultimatum. They considered that Mr. Ward had broken off negotiations and at once began arrangements for a strike.

YOAKUM MAY BE CHAIRMAN. Believed He Will Be Head of Rock

In the reorganization of the Rock Island Board of Directors it is expected that B. F. Yoskum, president of the Frisco, recently purchased by the Rock Island, will be elect-ed chairman. purchased by the rock island,
ed chairman.

At a recent meeting of the board Mr.
Yoakum was elected a member, and it was
stated in effect since the purchase of the
road that he would continue to hold his
present position with the Frisco, in which
case, being such an important representative in the Rock Island management, it is
believed that he will be elected chairman
of the board. the board.

D. G. Reid holds this position, but it is ated that he is willing to rettre.

Mr. Yoakum is expected to return Monay, but possibly before them a meeting of its Rock Island directors will be heid and a will be elected to the position indicated.

OFFER BOND EXTENSION.

May Be Redcemed.

New York, May 12.—J. P. Morgan & Co. amounce that under the terms of an agreement they are enabled to offer to the holders of the Chicago, Burlington and Quincy Raliroad Company I-per-cent mortgage bonds, maturing July 1 next, the privilege of extending these bonds until July, 1905, with interest at 4 per cent.

Holders of these bonds at the time of deposit for extension will receive a cash payment from Morgan & Co. of 1 per cent of the par value of the bonds extended. The amount of the bonds outstanding is about \$20,000,000. May Be Redeemed.

MISS RAMSEY'S BODY ARRIVES. Funeral Will Take Place at Pitts

The body of Miss Anna L. Ramsey, daughter of President Ramsey of the Wabash, arrived yesterday on the steamer Hiltrain at New York City.

The funeral will take place at Pittsburg to-morrow afternoon at 2:30 o'clock, from the residence of J. W. Patterson of that city. The Reverend M. Rhodes of the St. Mark's Lutheran Church of St. Louis, will officiate.

Mexican Central Statement. The comparative statement of the Mexican Central Railway Company for the month of January shows a decrease in tearnings, as compared with January, 1902, of \$24,041.25. The statement shows that the gross earnings increased on the same comparison \$29,686.41, which was offset by an increase of \$414,731.57 in the operating expenses. The number of miles operated in 1903 are 2,914.75. In January, 1802, the miles operated were 2,277.43.

HACK RUNS DOWN PEDESTRIAN.

Andrew F. Bryan, 66 Years Old, Seriously Injured. Andrew F. Bryan, 66 vears old, of No. 2002 Clark avenue, is at the City Hospital suffering from two broken ribs and serious internal injuries received by being run down by a back at Fourteenth and Olive streets at an early hour yesterday morning. Upon his condition to-day will depend whether a warrant, charging criminal negligence, will be issued against Clinton Halle of No. 230 Olive street, who is employed by the Keyes-Marshall Livery Company, and was driving the vehicle which struck Bryan.

A SAFE INVESTMENT.

O'Sullivan Heels Pay Their Debts -With Interest.

The following letter discloses a state of affairs which exceeds any claims that were ever made by the makers:

O'Sullivan Rubber Co. Lowell, Mass. We enclose the remains of a pair of O'Sullivan Rubber Heels. This pair of heels was worn steadily by one of our customers for over two years, according to his testimony and our own personal knowledge

MEADE SHOE CO. Brooklyn, N. Y. The only trouble with O'Sullivan Heels is they are better than necessary. But other heels have other troubles. Substitutes cost as much as O'Sullivan's, but you do not get so much; 35c, plus price of at-

Neitert as Superintendent.

Neitert as Superintendent.

Dector John Young Brown was installed as Superintendent of the City Hospital yesterday afternoon at 3 o'clock, relieving Doctor H. L. Nietert, who retires arter serving for a period of four years.

The rew superintendent entered at once upon his duties and remained at the institution until late last night, familiarizing himself with details of the work. He has not yet announced the changes he will make in the management of the institution.

Belvelete, O. H. Elgar, Holland. ing Missourians:

SAME SUBSTANCES ARE FOUND HERE AS IN LAKE MICHIGAN.

metropolitan water supply. On Monday he qualified as an expert biologist and water analyst. The trend of his testimony was to show that the water of Lake Michigan reaches that the water of Lake Michigan reaches the intake of the St. Louis water supply. He analyzed the lake water, noting certain substances peculiar to it. These same substances he detected in water drawn from hydrunts in the city, thus proving Lake Michigan water forms a portion of the St. Louis water supply.

Further, he testified as to the turbidity and flora of the water. His testimony showed the personlaye of Lake Wichigan.

and flora of the water. His tertimony showed the percentage of Lake Michigan, Missouri and Mississiphi River water in the St. Louis water. Professor Whipple simply gave direct testimony, all of which was masterful from a scientific standpoint. His cross-examination probably will begin to-day.

MISSOURI WINS DEBATE.

Warrensburg Get Decision Oyer

lic Schools; John P. Fruit, professor of English, William Jewell College, Liberty Mo.; O. G. Marcum, professor Latin, Baker University, Baldwin, Kas. The decision was unanimous for Missourf.

PRIVATE CAR HITS BUTTRESS. President Ramsey's Coach Goes East for Funeral Party.

attached to an outgoing train that it wrecked one of the large buttresses placed as a guard to prevent trains from backing into the Midway. Duminge to the coach was slight, and with a few repairs it will be ready for the road again. No one was in the car except attendants at the time of the accident.

Mr. Hamsey is in New York awaiting the arrival of the body of his daughter who died recently in Egypt. The private car was on its way East to receive the funeral party and will depart to-day.

The private car of President Ramsey of the Wabash was shoved with such force into Union Station last night while being

DIGGING UNDER THE MIDWAY. Work on Union Station Subway Is Progressing.

Excavating for the subway at Union Sta-
